

Apia Village Style Residence Insurance

Additional Information Guide

This Additional Information Guide (AIG) is designed to provide you with additional information about excesses, how we calculate premiums and the discounts available under the policy. You should read this AIG together with our Apia Village Style Residence Insurance Product Disclosure Statement (PDS) dated 3/11/2020.

This AIG is relevant to you if your policy has a commencement date on or after 17 April 2024 or a renewal date on or after 28 May 2024.

Your excesses

What is an excess?

An excess is the amount you pay towards the cost of your claim for each incident covered by your policy. You may have to pay more than one type of excess.

The total excess you are required to pay is determined by the circumstances of your claim. The amount and types of excesses that apply to your policy are shown on your certificate or in the PDS.

The different types of excesses are:

Home and contents excesses

The home and/or contents excess that applies to your policy can vary based on our assessment of the risk. If you apply to vary your home and/or contents excess and we agree to the variation, your home and/or contents excess will be the amount chosen by you from our range and shown on your certificate.

Personal valuables excess

The excess that applies for a claim under the personal valuables optional cover is \$100.

Unoccupied excess

The unoccupied excess is \$500.

About your premium

The cost of your insurance is called the 'premium'. Your premium will depend on many factors. Your premium for each period of insurance will be shown on your certificate.

We'll calculate your premium based on:

- Your risk.
- Any discounts applied.
- Compulsory government charges such as stamp duty and GST.
- Fire Services Levy, where applicable.
- Any variable excess you choose.

Your risk – we work this out using factors we consider important, including the address, occupancy type, the type of property you're insuring, the materials and characteristics of the home/unit, relevant claims history, age of oldest insured, the amount and type of cover you select, the policy options chosen and prior insurer.

This is not a list of all our risk factors. We collect information in relation to risk factors from you and other sources. The importance we place on the factors we use can change and how these factors combine to affect your premium will differ from person to person. We may add or remove factors.

The premium you pay is also affected by other things including:

- The cost of claims we have paid to other customers and claims we expect to pay in the future;
- Our expenses of doing business;
- Other commercial factors.

When determining your renewal premium, we also consider your previous premium. As such we may limit movements up or down.

Get set. Go.

Premium discounts

Discounts are also a factor that can affect your premium. The premium you pay for your insurance includes any discounts we have given you. Any discounts are usually calculated and applied before the application of government taxes and charges.

The main discounts we offer are:

- Multi-policy discount;
- Work Less Pay Less® discount.

From time to time we may also offer discounts or other special offers as part of a marketing campaign. If we do this, separate terms and conditions may apply. The amount and type of the discount offered can change or be withdrawn. We regularly offer a discount for buying a new policy online through our website.

If you are eligible for more than one discount, we usually apply any subsequent discount to the already discounted premium.

Discounts do not apply to the Excess-free Glass optional cover.

Multi-policy Discount

A multi-policy discount (MPD) rewards you with a discount off your premium for holding two or more eligible paid Apia general insurance policies. There must be a common mailing address and the person(s) seeking the discount must be nominated as an insured with the exact same name on each eligible policy. If you take out a new policy and qualify for the MPD, you are eligible for the MPD on that new policy from its start date (if the discount is not applied at purchase, we endeavour to process the discount within 90 days from policy start date). You are eligible to receive the MPD on your other existing eligible policies from their next renewal date, provided you are eligible for the MPD when we calculate your renewal offer.

Eligible Apia general insurance policies are home, contents, landlord, car, motorcycle, boat, caravan and motorhome insurance. If you quote for a new policy via our website, we rely on your answers to our questions to establish eligibility.

This discount does not apply to the Personal valuables and Excess-free Glass optional covers.

To find out more about the multi-policy discount or if you believe you are eligible for the multi-policy discount but it is not shown on your certificate of insurance, please phone us.

Work Less Pay Less® discount

You could receive this discount if at least one policyholder works less than 37 hours per week. This discount is based on your employment status as noted on your certificate under the heading 'What You Have Told Us'.

This discount does not apply to the Excess-free Glass optional cover.

Government taxes and charges

After we have calculated the amount to cover your Apia Village Style Residence Insurance policy, any applicable stamp duty, GST, other government charges and any levies are then applied.

Financial Claims Scheme

This policy may be a 'protected policy' under the Federal Government's Financial Claims Scheme (FCS) which is administered by the Australian Prudential Regulation Authority (APRA).

The FCS only applies in the extremely unlikely event of an insurer becoming insolvent and the Federal Treasurer making a declaration that the FCS will apply to that insurer.

The FCS entitles certain persons, who have valid claims connected with certain protected policies issued by that insurer to be paid certain amounts by APRA.

Information about the FCS can be obtained from www.fcs.gov.au.
